CITQ NO. 040703  
Quebec City – Quebec G1R 4P5, Canada  
418-692-3861

### **Bienvenue à Québec!**

One of the oldest European settlements in North America, Quebec City's origins date back to the 1500s. Initially settled by the French, Quebec fended off multiple attempts to capture it from invading countries until 1763 when the city was ceded to Britain, ending the French and Indian War. The language, culture and "je ne sais quoi" of the French still run deep more than 250 years later — though many residents also speak excellent English. As the largest fortified city north of Mexico and a UNESCO world heritage site (that's right, the whole city), there's an undeniable European charm to Quebec that must be experienced to be understood.

Perched on a bluff high above the Saint Lawrence River sits the magnificent Fairmont Le Chateau Frontenac. Built by the Canadian Pacific Railroad in 1893, the hotel was one of the first of Canada's grand railway hotels that link the East coast to the West. Standing tall for over a century, the Chateau has the distinction of being named "the world's most photographed hotel," and you'll soon learn why.

### **What's included: Level 2**

- Four nights' shared run of house (ROH) accommodations at Fairmont Le Chateau Frontenac including all required gratuities.
- Roundtrip airfare from your nearest airport to Quebec City International Airport (YQB).

## Group activities

### **Welcome Dinner**

Step back in time and experience the stunning architecture of Le Chateau Frontenac. The Fairmont's well-deserved reputation for culinary excellence will be on full display as we welcome you to this storied and gracious city.

### **Group Excursion**

Much of Quebec City can be enjoyed on foot and in your free time. So for one day, we'll depart the city to explore areas off the beaten path and well worth your time. We begin with a stop at the Saint-Anne-de-Baupre Shrine, the oldest religious pilgrimage site in North America, welcoming pilgrims for over 350 years. From the beauty of the basilica, we head deeper into the countryside and the splendors of nature and Canyon Saint-Anne. Quiet wandering paths, towering waterfalls, thrilling suspension bridges and natural wonders in every direction await. You'll fill your lungs with the freshest air as you enjoy the peace only nature can provide.

When you've had your fill of scenery, we'll head across the Saint Lawrence River to explore *ile d'Orleans*, or Orleans Island, where an agricultural and gastronomic paradise awaits! The island itself was one of the first areas of the province to be settled by the French. Now a strictly controlled historic area, the island is covered with small family farms producing everything from pressed apple juice to cheese, from jams made of local berries to old world French nougat. We'll taste our way across the island before finishing off the day with a delicious lunch at one of the island's excellent restaurants.

### **Farewell Dinner**

We'll depart our luxury hotel for something a bit more rustic, but equally charming. As the world's largest producer of maple syrup, no trip to the province of Quebec would be complete without a visit to a sugar shack. While only in use a few weeks a year during the syrup harvest, these shacks are an integral part of the Quebecois way of life and are visited annually to celebrate the harvest and the coming of spring. Expect tables laden with food, music and dancing for an evening of community, camaraderie and maybe even a bit of commotion!

### **Escape to the sunny French Riviera**

Where crystal clear waters sparkle just as bright as the thrilling nightlife! For being the second-smallest country in the world, Monaco packs a big punch in a small area. Monte Carlo, one of Monaco's four districts, is densely packed but has cleverly managed traffic and growth by locating roads underground and expanding over water, actually building on stilts over the Mediterranean Sea. As it turns out, the Fairmont Monte Carlo is one such building.

Sitting directly on the instantly recognisable hairpin turn of the Monte Carlo Grand Prix course, the Fairmont is quite literally in the center of the action. Nestled between the sea and the legendary Monte Carlo Casino, the hotel is in an excellent location for exploring the city, shopping, dining or soaking up the glorious Mediterranean sunshine.

### Group activities

#### **Welcome Dinner**

Built directly on the Mediterranean Sea, the Fairmont Monte Carlo will play host to your welcome dinner with sweeping views and culinary delights.

#### **Tours and activities**

Everyone will get to enjoy the very best of Monte Carlo and the Côte d'Azur in three unique and unforgettable experiences. You will be divided into three groups to experience a different destination each day. Lunches will be on your own.

#### ***Fragonard Fragrance Experience***

Nearby Grasse, France is widely considered to be the perfume capital of the world. Surrounded by fields of flowers, Grasse has been the world's hub of fragrance since the 1700s. Founded in Grasse, the French perfume house Fragonard has been sharing the very best of fine French fragrance with travelers to the French Riviera since 1926 and this June, you will enjoy an in-depth fragrance class taught by a master perfumer — also known as a “nose.” You'll even blend your very own custom scent! The day will also include a visit to the enchanting village of Èze. This mountainside village is only accessible on foot and is a treasure trove of boutiques, restaurants and galleries to explore.

#### ***Rock of Monaco Tour***

Perched high above the Mediterranean Sea, “the rock” is the oldest and most coveted piece of land in Monaco. Historically a monastery, it was invaded over 700 years ago and remains to this day the home of the royal family. Enjoy the changing of the guard at the palace, see the cathedral where Princess Grace (Kelly) was married and is buried and

stroll the ancient winding streets in search of a treasure or snack. After a brief walking tour and orientation, there will be time to eat, explore and enjoy at your pace.

### ***Nice City Tour***

*Nice la Belle* or Nice the Beautiful is an apt description for the lovely seaside city that has lured tourists to its shores since the late 1700s. With a year-round pleasant climate and ideal location at the foot of the Ligurian Alps, any time is a good time to visit. We'll explore the old town on foot with a guided walking tour, ending at the must-visit flower market. You'll have plenty of time for shopping and lunch on your own.

### **Farewell Dinner**

From a terrace 85 metres between the sea and the mountains, boasting panoramic views of the Mediterranean and Monaco, we will bid *adieu* to the Cote d'Azur in true Scentsy style.

- Everything from Level 2 for you and one guest aged 16 or older.

### **Buy-in guests**

Level 2 earners have the option to buy in one guest aged 16 or older for £1,665/€1,860 (plus applicable taxes), which includes:

- Four nights' shared accommodations with the Consultant including all required gratuities.
- Round-trip ground transportation between SJD and the resort.
- Scentsy-sponsored activities and parties per the official event programme.
- All meals at the Hyatt Ziva.

### **Travel**

You have two options for getting to Los Cabos:

- **Scentsy-booked flights:** Scentsy will book your flights to and from your nearest airport to Los Cabos International (SJD) on your behalf.
- **Travel credit:** In lieu of Scentsy booking your flights, you may choose a travel credit of £170/€190 (out-of-region) per person. If you choose this option, you're responsible for booking your travel and providing your itinerary to Scentsy so we can arrange your ground transportation.

**Airport:** Los Cabos International Airport (SJD) is approximately 25 minutes from the resort and is the only airport from which transportation will be provided.

**Weather:** June temperatures in Los Cabos have typical highs of 94 degrees Fahrenheit (34 degrees Celsius) and lows of 70 degrees Fahrenheit (21 degrees Celsius). Days will be hot and sunny, though it can cool down quite a bit in the evening.

**Guests and children:** This is an adults-only trip. Guests attending this trip must be at least 16 years old and cannot be Scentsy Consultants. Children, other than nursing infants up to 12 months old, are not allowed to attend.

### Group activities

#### **Welcome Dinner**

Join us poolside as the sights, sounds, fragrance and flavours of Los Cabos come to life.

#### **Los Cabos by Sea and by Land**

During registration, select an activity on land or on sea:

#### **By Sea**

There is only one way to see *El Arco* (the arch of Cabo San Lucas), and that is by sea. We'll start with an essential sailing out of Cabo San Lucas and towards the famed southern tip of Mexico's Baja California Peninsula and finish by snorkeling in the Sea of Cortez.

#### **By Land**

Los Cabos is an outdoor lover's paradise. With a myriad of ways to spend your days, the challenge is narrowing down the options. We've done our best, but you'll need to pick one of the following adrenaline-rushing experiences: ATV, side-by-side, horse or camel.

#### **Farewell Dinner**

We'll offer a fond *jadiós!* to Los Cabos with toes in the sand and stars in the sky. One final sunset. One last laugh with friends. One more memory to last a lifetime.
